

IS MACEDONIA THE NEW INVESTMENT HEAVEN?

These are hard economical times; there isn't a week that goes by without some "bad" economical news. Yet, we tend to forget that there are options out there.

Last week I have been invited to attend a commercial mission and had the opportunity to meet HE The Ambassador of Macedonia, the Macedonian Minister for Foreign Investment, Mr Gligor Tashkovich, and Mr Kosta Koteski from Invest Macedonia.

The Minister speech opened with an outstanding information: Macedonia is offering 0% Income tax for over 5 years to new companies establishing business in Macedonia. And it now takes only 4 hours to open a company there!

These are the news we like to hear about.
